

# Headset with foldable neckband

3.5mm

In-line volume control

Omnidirectional microphone

Protective nylon bag

# pc essentials

The KSH-200BL Foldable Stereo Headset has it all-it delivers excellent audio quality for Skype, Windows Live, or Yahoo Messenger Internet calling, and a stereo sound that is amazingly crisp and clear. It features a convenient and easy to adjust in-line volume control, and an omnidirectional microphone that picks up your voice without having to talk directly into it. Its lightweight, behind-the-neck headband and cushioned pads offer a very comfortable fit that allows you to speak for hours.
