

# Eclipse

2.0 stereo multimedia speakers

These lightweight speakers from Klip Xtreme are perfect for anyone who needs optimal multimedia sound in a sleek yet compact design! Space-saving size makes for easy desktop placement, and a handy front-volume control wheel lets you adjust the intensity of the sound from your computer, DVDs, CDs, or digital audio. Conveniently plugging into your computer's USB drive, these speakers don't require an external power adapter or additional batteries to function.
