portable audio

A new dimension of acoustics in a sleek metallic design
 The new Klip Xtreme KWS-611 speaker with built-in microphone seamlessly goes from listening to music to taking hands-free phone calls. Armed with passive radiator technology, it is able to provide an immersive audio experience by creating clear and powerful bass. As it integrates the latest wireless technology, the speaker easily pairs with virtually any Bluetooth-enabled device. Compact in size yet huge in sound, you will impress your friends with the high fidelity acoustics that this new portable speaker can deliver!
